

PHOENIX DOG PARK NOTIFICATION SYSTEM

The notification system utilizes Twitter to send out tweets and text messages to followers of @phoenixdogpark. A Twitter account is not required to receive text notifications. It is very simple to sign up for notifications and they can be stopped at any time by the user. Our new notification system will be able to reach you quicker and keep you informed on weekend and evening closures and openings.

Instructions to sign up for notifications

Option 1: Use your existing Twitter account or create a Twitter account and follow @phoenixdogpark. You may then choose to set up notifications for our tweets.

Option 2: Receive a SMS text to your phone when @phoenixdogpark tweets.

How-to: Via the messaging app on your phone text "Follow @phoenixdogpark" to 40404. You will now be signed up to receive a text anytime a tweet is sent out. Text OFF to stop receiving updates. Text ON to start receiving updates again. Text STOP twice in succession to remove your number from all updates.

Important: Standard text messaging rates may apply depending on your carrier.

Disclaimer: The @phoenixdogpark Twitter account is used for informational purposes only. It is not continually monitored by staff and any replies or posts via the Twitter app by users may not be seen or replied to by staff.
